

INDEX TO VOLUME 146

A

Abdominal Aneurysms, 78
 Acid Secretory Studies, 3
 Adrenocortical Response, 26
 Ammonium, Blood Elevation of, 959
 Anastomosis, "T," with Adjacent Vent, 974
 Aneurysms of the Abdominal Aorta, 207
 Annular Pancreas, 139, 252
 Antral Exclusion, with Vagotomy for Duodenal Ulcer, 3
 Aorta, Coarctation of the, Proximal to the Left Subclavian Artery, 145
 Aorta, Dissection of, Treated by Fenestration Procedure, 111
 Coarctation of the, in Infants and Children, 450
 Abdominal, Aneurysms of the, 207
 Appendicitis, Acute, in Infancy and Childhood, 70
 Arteriovenous Aneurysm, 229
 Arteriovenous Aneurysm, Familial, of the Lung, 830
 Ascariasis, Surgical Complications of, 983
 Ascitic Fluid, The Absorption of, by Means of Ileo-entecropy, 700
 Atresia, Congenital, of the Transverse Colon, 824
 Atherosclerotic Occlusion, 487
 Atomic Explosions, Radiation Burns Due to, 314
 Auerbach's Pileus, 167

B

Bellroth I Gastric Resection, the Repair of Leaks in the Line of Anastomosis, 816
 Biopsy, Frozen, An Evaluation of, 923
 Blood Clotting Factors, The Effect of Hepatic Lobectomy on, 772
 Blood Pepsinogen Concentration, Relationship of Glucagon to, 124
 Body Irradiation, Total, The Causes of Death From, 322
 Bone Defects, the Use of Plaster of Paris, 61
 Book reviews
 Bronchopulmonary Diseases, Emil A. Naclerio, 823
 Chirurgie der Leber, Klinik und Technik, M. Reifferscheid, 815
 Die Rosartigen Geschwulste des Dickdarms und Mastdarms, Nicolai Guleke, 823
 Urologic Injuries in Gynecology, Henry C. Falk, 815
 Bowel, Large, Management of Injuries to, 291
 Bowel, Resection of, 98
 Breast Carcinoma, Results of Treatment, 899
 Burns, Radiation, Due to Atomic Explosions, 314

C

Cancer, The Prophylactic Treatment of, at the Time of Operation, 588
 Cancer, Thyroid, The Dependency of, 879
 Carcinoma, Breast, Results of Treatment, 899
 Carcinoma, Bronchogenic, Survival Rates Following Resection, 997
 Carcinoma, of the Breast, 728
 Bilateral, of the Breast, 764
 Carcinoma, of the Lung: Factors Which Influence Five Year Survival with Special Reference to Blood Vessel Invasion, 417
 Cardia Arrest, Induced, During Intracardiac Surgical Procedures, 439
 Cardiac Bypass, on Renal Hemodynamics and Water and Electrolyte Excretion in Man, 190
 Cardiospasm, Experimental Production of, in Cats, 167
 Cardiopneumopexy, Mortality—Infarct Study, 864
 Cathode-ray Burns, Preliminary Report of, 342
 Carotid Artery, Internal, Atherosclerotic Occlusion of the, 487
 Cholecystitis, Regurgitation, and Cholelithiasis, 607
 Cholelithiasis, 607
 Cirrhosis, Advanced, 700
 Clostridial Myositis, Following Resection of Bowel, 98
 Clostridium welchii Myonecrosis, 86
 Colon, Transverse, Congenital Atresia of the, 824
 Cortisone, 195
 Courvoisier Syndrome, in Carcinoma of the Gall Bladder, 976
 Cystic Lesion of the Neck, 994

D

Deafmutism, The Occurrence of, 941
 Diuresis, Saline, in Dogs, 854
 Duodenal Ulcer, Surgical Treatment of, 970

E

Editorial, 836
 Electrical Injuries, Reconstruction of, 342
 Empyemas, Subdural, 215
 Epistaxis, Lingual Thyroid Gland with, 105
 Esophago-gastric Junction, Treatment of Lesions, 224
 Esophago-jejunosomy, 224
 Esophagogastric Anastomosis, for Corincoma of the Esophagus or Gastric Cardia, 630
 Extracorporeal Circulation, Controlled, in Surgical Treatment of Aortic Aneurysm, 473

F

Fenestration Procedure, Dissection of Aorta Treated by, 111
 Fibrinolysis, The Effect of Hepatic Lobectomy on, 772
 Fistula, Gastroduodenal Complication of Gastric Ulcer, 937

G

Gall Bladder, Carcinoma of the, a Variant of the Courvoisier Syndrome, 983
 Gastric Ulcer, 630
 Gastric Ulcer, Gastroduodenal Fistula, a Complication of, 937
 Gastroduodenal Fistula Complication of Gastric Ulcer, 937
 Gastroduodenostomy, 296
 Glucagon (HGF), Relationship of, to Blood Pepsinogen Concentration, 124
 Goiter, The Occurrence of Deafmutism and, 941
 Granulating Wounds, Evaluation of Several Antibiotics Used Locally on, 808
 Growth Shortening, in the Ipsilateral Extremity, 619

H

Heart Study, Simplified Procedure for Combined, 843
 Hemangioma, Cavernous, Striated Muscle of, 1011
 Hemorrhagic Shock, Evaluation of Blood Ammonium, 949
 Hepatic Duct, Spontaneous Rupture of the, 246
 Herniorrhaphy, Inguinal, 957
 Hirschsprung's Disease, 706
 Homografts, Experimental Aortic, 78
 Homografts in the Chicken, 278
 Hyperparathyroidism, Changing Diagnostic Criteria for, 407
 Hypertension, Experimental Portal, 683
 Hypertension, Portal, Duodenal Varices Due to, 229
 Hypocalcemia, Acute, 530
 Hypoplasia of the Bone Marrow, 637
 Hypothermia, 12, 152
 Hypothermia, Clinical, Improved Management of, 542
 Hypothermic Induction Time, 12

I

Iliac Vein, Obstructive Anomalies of the, 619
 Infancy, Surgery of, 278
 Intestinal Antisepsis, 184
 Intracardiac Surgical Procedures, 439
 Ipsilateral Extremity, Growth Shortening in the, 619

J

Jaundice, Experimental Obstructive, Cortisone in, 195
 Jejunum, Liposarcoma of, 837

L

Large Intestine, Familial Polyposis of the, 131
 Lesion, Cystic of the Neck, 994
 Lesions of the Breast, Associated with Discharge from the Nipple, 751
 Lip, A Technic for Reconstruction of the Lower, Following Extensive Excision for Cancer, 285
 Lipochrome Pigmentation, of the Small Intestine, 117
 Liposarcoma of Jejunum, 837
 L-Nor-Epinephrine, Etiology and Prevention of Sloughs Produced by, 1016
 Lobectomy, Hepatic, 772
 Lung, Carcinoma of the, 417
 Lymph Nodes, Selective Inductive Heating, 596

M

- Metastatic Neoplasms, Solitary, The Repeated Surgical Attack on, 790
Metastases, Occult Lymphatic in Malignant Melanoma of the Skin, 931

N

- Neck Resections, Radical, Use of a Long Anterior Skin Flap in, 221
Nitrogen Metabolism, The Effect of Nutrition on, 563
Novobiocin and Novobiocin-Neomycin, 184
Nutrition, The Effect of, on Nitrogen Metabolism, 563

O

- Omental Infarction, Idiopathic, 876

P

- Pancreas, Annular, 139, 252
Pancreaticoduodenal Carcinoma, Results of Operations of the Whipple Type in, 661
Pancreatitis, Acute, Alterations in the Pancreatic Resistance to Bile in, 669
Pancreatitis, Resection for Traumatic, 131
Fatal Postoperative, 263
Pancreatic Resistance to Bile, 669
Parotid Tumors, Surgery of, 715
Patent Ductus Arteriosus, Surgical Closure of, with Reversal of Flow, 178
Plaster of Paris, Use of, to Fill Bone Defects, 61
Pneumothorax, Simultaneous, Bilateral Thoracotomy, 1021
Polyposis, Familial, of the Large Intestine, 131
Postgastrectomy Syndrome, Further Studies on the Pathogenesis of, 892
Presidential Address, Americal Surgical Association, 305
Prostheses, Orlon and Nylon, for Abdominal Aneurysms, 78

R

- Renal Damage, Resulting from Ischemia, The Effect of Hypothermia on, 152
Renal Functional Alterations, Due to Hypothermia, 12
Renal Hemodynamics, 190
Resection, Bronchogenic Carcinoma, Survival Rates Following, 997
Ruptured Aneurysms of the Sinus of Valsalva, 459

S

- Second Breast, Bilateral Carcinoma of the Breast, 764
Seventh Cranial Nerve, Surgical Section of Excision of the, 715
Shock, Influence of, Without Clinical Renal Failure on Renal Function, 523
Sigmoid Colon, Acute Volvulus of the, 52

- Silk Sutures, Staphylococcal Infections of the Heart and Great Vessels Due to, 399
Sinus of Valsalva, 459
Skin, Induced Tolerance to: Homografts in the Chicken, 271
Skin, Occult Lymphatic Metastases in Malignant Melanoma of the, 931
Small Intestine, Lipochrome Pigmentation of the, 117
Splenectomy, Treatment of Hypoplasia of the Bone Marrow, 637
Staphylococcus Aureus, 384
Stoma, Small, Compared to a Large Stoma, 278
Stomach, Duplication of, 990
Surgery, Preventitive, in the Field of Cancer, 782
Surgical Stress on Saline Diuresis in Dogs, 854

T

- Tetanus, Evaluation of Treatment, 369
Thermal Burns, Effects of, on Wound Healing, 357
Thermal Injury, Granulating Wounds Caused by, 808
Thoracotomy, Bilateral for Bilateral Spontaneous, Pneumothorax, 1021
Thromboembolism, Venous, Special Problems in, 499
Thrombosis, Massive, 510
Thymic Tumors, 424
Thyroid Cancer, The Dependency of, 879
Thyroid Gland, Lingual, with Epistaxis as the Presenting Sign, 105
Thyroid Tumors, Functional, the Efficacy of Thyroid Administration, 851
Tourniquet Shock, Effect of Hypothermia and Chlorpromazine on Survival After, 799
Tumor Cells in the Blood Stream, 580
Tumors of Salivary Gland Origin, 40

U

- Ulcer, Duodenal Surgical Treatment of, 970
Ulcer, the Feasibility of Removal, 296

V

- Vagotomy for Duodenal Ulcer, 3
Varices, Duodenal, 229
Veins, Major, Attempts to Restore Function in, 510
Vena Caval, Inferior, and Portal Venous Oxygen Saturations, 691
Venous Pressure, Portal, 691
Volvulus, Acute, of the Sigmoid Colon, 52

W

- Water, Absorption and Equilibration of (Deuterium Oxide) from the Gastro-intestinal Tract, 239
Whipple Type Operations, 661
Wound Healing, Effect of Thermal Burns on, 357
Wound Infections, Postoperative, 384
